Common visit at 28th Passive House Conference at Essen:
smartwin will give two presentations at the conference, and as usual,
we will have our own booth there. The organization of travel and
accommodation is entirely the responsibility of the participants.

Participants:

The invitation to the Partner Meeting is exclusively for smartwin and
smartshell license partners, as well as their employees.
This year, we are also offering our smartwin partners the opportunity
to invite one prospective smartshell partner. We expect one
candidate from each smartwin partner.
